

CHURCHILL'S COACHING CORNER

MEETING YOUR ORGANIZATION'S "JUST IN TIME" COACHING NEEDS

THE CURRENT CHALLENGE

In times of uncertainty leaders at all levels need support. Ambiguity and constant change can cause us to struggle to make decisions that normally would not be hard. Challenging situations can put us in a place we have never been before, a place where we have no context or experience to guide us. Sometimes we don't have a safe, available expert partner to lean on, who can truly help us get unstuck and move forward.

Sometimes just one powerful coaching conversation can help us get clear, focused and move us to action. Not everyone needs six months of coaching, many of us need a place to go to achieve greater clarity and focus at a time we choose.

AN AGILE AND IMMEDIATE SOLUTION FOR MULTIPLE LEADERS

That is why, based on requested client needs, Churchill developed a customized Leadership Development solution called "**Coaching Corner.**" This is when a Churchill Executive Coach, of your choice, is on retainer for a day or more per month by Zoom (during Corona there is not an in-person option).

In this designated time the coach provides a list of hourly coaching sessions that can be scheduled on a first come, first serve basis by those leaders you provide this opportunity to (e.g. All of your VPs, or a critical department etc.)

Each coaching session is for 60-mins and is confidential. It begins with defining a focused purpose for the session, so that your leader walks away with new insight plus clarity on what he or she needs to do. You can sign up for a minimum of 3 days, use them all in one month or spread over 3 months and then extend it based on your need.

During these challenging Corona times more leaders need support and this "Coaching Corner" solution compliments your internal efforts to set your leaders up for great success - right now.

A SIMPLE 3-STEP APPROACH

1. **CHOOSE YOUR COACH**
2. **CHOOSE THE DAYS YOU NEED YOUR COACH AVAILABLE (3 MIN.)**
3. **CHOOSE WHICH LEADERS HAVE ACCESS**

Leave the rest to us!
